About this product

Quatromyicide V is a DIN-approved (02507064), hospital-grade disinfectant and no-rinse sanitizer formulated to eliminate a broad spectrum of bacteria, viruses, fungi, and odour-causing microorganisms. Ideal for high-risk settings such as healthcare, food processing, animal care, and public facilities, it disinfects, sanitizes, and deodorizes hard, non-porous surfaces in a single step. It is safe for use on surfaces that come into contact with food and is effective even in the presence of organic soil. Quatromyicide V is compatible with the Green Eco Easy Fill station

Triple-Action Performance

• Disinfects, Sanitizes & Deodorizes: Combines three essential functions in one product.

• Hospital-Grade Efficacy: Controls pathogens including MRSA, VRE, Listeria, Salmonella, and HIV-1.

• Food Contact Safe: No rinse required when used at 200 ppm on pre-cleaned, non-porous surfaces.

1 MINUTE SANITIZING
10 MIN
10 MINUTE DISINFECTION

Reliable Protection

• DIN Registered (02507064): Approved for use in healthcare, food service, animal care, and institutional settings.

• Odour Neutralization: Controls microorganisms that cause foul smells in garbage zones, pet areas, and drains.

• Mildewstat Function: Prevents mold and mildew on hard surfaces with weekly treatment.

Versatile Application

• Surface Safe & Effective: Use on floors, walls, tables, utensils, food processing equipment, and egg shells.

• Broad Pathogen Range: Effective against Influenza A (H1N1), Herpes, Adenovirus, HIV-1, and more—even with 5% organic soil.

• ModularFlex Ready: Pairs seamlessly with the Green Eco Easy Fill system for precise dosing and safer storage

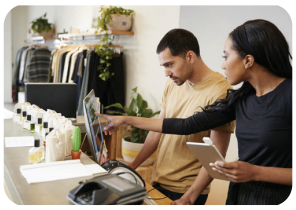

Use with:

ModularFlex System

- AirGap System (HSP3578AG)
- E-Gap System (HSP9184)

Purple Eco Easy Fill (51073)

Suitable for

Hospitals, nursing homes, restaurants, bars, food processing plants, dairies, kennels, veterinary clinics, schools, public washrooms, and poultry or egg processing facilities
