# HealthGuard

## Disinfectant, Sanitizer, and Deodorizer

**Applications:**

HealthGuard is a concentrated disinfectant, sanitizer, and deodorizer designed for daily use in high-touch environments where fast sanitizing and dependable disinfection are required. It is ideal for healthcare, senior care, educational, fitness, veterinary, institutional, and commercial facilities.

Dilute according to the application and use directions. Apply to hard, non-porous surfaces using a cloth, mop, sponge, coarse sprayer, or soaking method. Remove gross filth and heavy soil before disinfection. For general disinfection, thoroughly wet surfaces and allow to remain wet for 5 minutes. Rinse food contact surfaces and child-contact surfaces with potable water after treatment.

**Ideal for use:**

- **Healthcare & Senior Care Facilities:** High-touch surfaces, patient areas, washrooms, floors, walls, and general building surfaces.
- **Educational & Institutional Facilities:** Classrooms, shared spaces, washrooms, floors, and high-contact surfaces.
- **Fitness & Recreation Facilities:** Shower room floors, locker room benches, bath mats, washrooms, and moisture-prone areas.
- **Veterinary & Animal Care Facilities:** Animal housing areas, cages, kennels, equipment, and other hard, non-porous surfaces.

**Features and benefits:**

- 15-second sanitizing for fast high-touch surface turnover
- 5-minute disinfection contact time
- Concentrated formula helps support cost-effective daily programs
- Effective against key institutional pathogens, including Norovirus, MRSA, VRE, E. coli O157:H7, and Staphylococcus aureus
- Supports mould, mildew, and fungal control on hard, non-porous surfaces
- Low odour formula supports use in occupied facilities
