Cleaning a City Bus: The Exterior

DUSTBANE
Give Meaning To Your Cleaning 

Cleaning a city bus begins with a simple program. Ask us about a custom program that will meet your individual needs. Here is our baseline recommendation.

1

Bus Cleaner: Power Wash

Power Wash effectively removes road salt, road tar, bugs, bird droppings and acid rain, all elements that can be highly damaging to the bus's exterior if not properly washed off. Power Wash does not contain any harsh chemicals and is safe to use on painted surfaces or decals. One cost-efficient cleaner with several applications to help preserve the bus's finish.
