

The Dustbane Way

CLEANING AN ELEVATOR

Cleaning an elevator begins with a simple program. Ask us about a custom program that will meet your individual needs.

Here is our baseline recommendation.

1

Glass, Window and Chrome Cleaner: M8 Glass Cleaner

Keep your elevator's glass, mirrors, and stainless steel spotless with M8. Its ammonia-free, biodegradable formula ensures a crystal-clear, streak-free finish that is safe for daily use and scent-sensitive areas. ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:80 for normal cleaning.
- Available in 2 L to use with ModularFlex System or Eco Easy fill.

2

Disinfectant Cleaner: M6 Oxy-Q

Elevators are high-touch areas where germs can spread quickly. M6 Oxy-Q provides a peroxide-powered solution that cleans, disinfects, and deodorizes in one step, eliminating odours and pathogens without harsh fumes. UL ECOLOGO® Certified. DIN 02464314.

- Dilute in cold water at a rate of 1:40 for disinfection.
- Available in 2 L to use with ModularFlex System or Eco Easy fill.

3

Floor Cleaning: Doodle Mop Plus

Up to 2 hours of uninterrupted cleaning with the cordless electric mop handle attachment. Compact and versatile, it efficiently removes dirt, grime, and grout for sparkling, germ-free floors.

- 4100 rpm motor.
- Quick charging for extended cleaning performance.
