

# Letter of Guarantee

**Product Name:** Sanitizing Wipes

**Product Code:** 53378

**Date of Issue:** May 17, 2018

**Product Use:**

This product is suitable for use as a sanitizer (V1) as a wipe in food processing establishments to sanitize food contact equipment or surfaces without a potable water rinse, provided that:

- a)** wipes are safe for use in food processing establishments;
- b)** the food contact surfaces have been previously cleaned and rinsed with potable water prior to sanitizing;
- c)** the concentration of the active quaternary ammonium compounds will not exceed 200 ppm, and
- d)** the surfaces are hard and non-porous in nature and are thoroughly drained prior to reuse.

For product usage instructions, please see the product label.

This letter is being provided for the above listed non-food chemical product in accordance with the requirements of the Food Safety Enhancement Program of the Canadian Food Inspection Agency (CFIA). Copies of this letter and additional product information are available on our website.

Dustbane Products Ltd. will provide supporting documentation if requested by CFIA.
