

Oxy-Q

Hydrogen Peroxide-Based Disinfectant

About this product

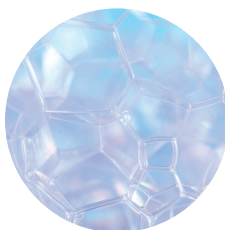

Oxy-Q is a hydrogen peroxide-based disinfectant cleaner designed for facilities that want to simplify cleaning programs without sacrificing performance. Its oxygen-based technology delivers effective multi-surface cleaning, degreasing, deodorizing, and disinfection while helping support healthier indoor environments and sustainable cleaning initiatives. Designed for facility-wide versatility, Oxy-Q can be used for hard surface cleaning, floor care, carpet extraction, washroom sanitation, glass cleaning, and daily disinfection, helping facilities reduce SKU count, simplify staff training, and maintain consistent cleaning results across multiple applications with one product.

DIN: 02457148

- Cleans, degreases, deodorizes, and disinfects in one product to simplify daily cleaning programs
- Supports SKU reduction by replacing multiple specialty cleaners across facilities
- Hydrogen peroxide-based formula helps support healthier indoor environments and sustainable cleaning initiatives
- Suitable for floors, carpets, glass, washrooms, and hard surfaces, reducing the need for multiple products
- Leaves minimal residue after cleaning, helping surfaces stay cleaner longer
- ECOLOGO Certified (UL 2794) supports green cleaning programs without adding a separate product line
- Flexible dilution ratios support everything from glass cleaning to floor care and disinfection
- Effective floor-to-ceiling cleaning solution for routine facility maintenance
- Suitable for most washable hard surfaces
- Concentrated formula helps support efficient inventory and storage management

Hydrogen peroxide formula breaks down into oxygen and water after use

Dilution rates:

Glass Cleaner	1:256
Floor & Carpet Cleaner	1:160
ECOLOGO (UL 2794)	1:80
Hard Surface Cleaner	1:80
Disinfection	1:20
