

Triple Action Series

A Triple Threat!

About these products

Triple Action products clean, degrease and disinfect in one easy step. Triple Action is a great alternative to butyl-based cleaners, without jeopardizing the results. Its safe formula can be used around children and on surfaces in contact with food, without any risks. An effective cleaning solution conveniently available in three formats to suit every application. For bigger tasks, opt for our concentrated 5 L bottle and for quick cleaning on the go, both the 750 mL and our handy wipes will surely be advantageous. Why invest in 3 different products when all you need is Triple Action?
