

Pinosan

General Purpose Disinfectant

Applications:

Pinosan is a concentrated general purpose disinfectant designed for daily cleaning, odour control, and disinfection in high-traffic facilities. Its fresh pine fragrance helps maintain clean-smelling spaces in commercial buildings, schools, fitness centres, healthcare facilities, property management settings, washrooms, locker rooms, garbage areas, and public areas.

Dilute with potable water according to the dilution rates below. Apply using a mop, sponge, cloth, or trigger sprayer. Heavily soiled surfaces must be cleaned prior to disinfection. Thoroughly wet the surface and allow it to remain wet for 10 minutes, then remove excess liquid. To remove mould and mildew, apply the solution and allow it to dry on the treated surface. Food contact surfaces must be rinsed with potable water after treatment.

Ideal for use:

- **Commercial & Public Facilities:** Lobbies, corridors, common areas, public spaces, and high-traffic surfaces.
- **Washrooms & Locker Rooms:** Moisture-prone areas where odour control and freshness are important.
- **Fitness & Recreation Facilities:** Gyms, change rooms, shower areas, and shared facility spaces.
- **Property Management & Building Maintenance:** Garbage areas, floors, washable hard surfaces, and areas that need routine odour control.

Features and benefits:

- Fresh pine fragrance helps reinforce a clean facility experience
- Helps control odours caused by microorganisms
- Supports mould and mildew control in high-moisture areas
- 10-minute disinfection contact time
- Will not dull floor finishes
- Flexible dilution rates for normal cleaning, heavy-duty cleaning, disinfection, and mould and mildew control
