

## Backpack Vacuum

### Vacuum 60% Faster!

Exceptional cleaning results. Save time and money compared to a standard upright and canister vacuum. Extremely high air-flow speeds your cleaning, increasing productivity, reducing costs and effort.

### “Best in the Industry” Warranty

10-year warranty on the body and 7-years on motor, pigtail and switch. Our warranty says it all.

### HEPA Filter

HEPA filtration removes dust, pollen, pet dander and mold down to 0.3 microns with a 99.97 cleaning efficiency. Fine particulates can be a carcinogen, check your filter regularly.

### Ergonomic Design

One of the lightest systems on the market at 9.8 lbs, ergonomic design, with a cushioning antibacterial back-pad that fits the curve of any operator’s back with lumbar support. Easy-to-reach On/Off power switch, quiet motor and a 50-foot long illuminated safety power cord. A cool-air channel eliminates heat transferring the operators back.

Specifications	Fast Track Back Vac
Model Number	27100
Dust Bag	27102 (Pkg. of 10)
Dust Bag Capacity	1.7 Gal ( 6.6 L) – 6 Quart
Filter System	Quad with HEPA
Suction Power	11.4 A (1328 W)
Motor	1.5 hp
Air Volume	152 cfm
Water Lift	101" (257 cm)
Nozzle Width	Variable according to tool selected
Cord Length	50' (15 m)
Hose Reach	4' (1.2 m)
Weight	9.8 lbs (4.3 kg)
Unit Size (L x W x H)	7.5" x 7.5" x 22" (19 x 19 x 56 cm)
Noise Level	67 dB
Approval(s)	CRI/CSA
