

Electrostatic Disinfection FOR HEALTHIER SURFACES

< electrostatic technology >

CHARGING CHEMICAL PARTICLES
ALLOWS THE PRODUCT TO STICK

HOW CAN IT REDUCE YOUR LABOUR COST?

the Victory Sprayers work 70% faster
than manual dispensing

Reduces the amount of chemicals
used when operating

Can prevent employee
illness and sick days

can cover up to
23,000 FT²

The Victory charges the particles
twice before expelling them from
the machine for maximum effectiveness

Dwell time

The Victory 3-in-1 nozzle will match particles size
to the desired dwell time

Contagious illnesses from lack of disinfection can cause

7.7 Employee sick days
per year

4 Student sick days
per year

LED light
for better visibility

1 litre
tank capacity

**ELIMINATES
CROSS-CONTAMINATION**
